Buckinghamshire
Council

Get help finding work with Buckinghamshire Council's Connect to Work programme.

The programme is designed to support people who face more complex challenges in finding or staying in a job. It is completely voluntary and offers personalised, one-to-one employment support to help you build confidence, find work and keep it.

The programme can help people who have:

- A disability.
- A long-term health condition.
- Or another support need that makes it harder for you to work.

Check if you're eligible for support

To get support, you must:

- Be 18 or older.
- Living in Buckinghamshire.
- Motivated to find paid work.
- Not on another Department for Work and Pensions funded programme.
- Not in employment.
- Require dedicated support from an employment specialist to find and stay in work.
- Able to get help from public services.

To find out more information about the Connect to Work programme, or to register your interest, visit **[buckinghamshire.gov.uk/your-best-start](https://www.buckinghamshire.gov.uk/your-best-start)**
